

## Woman Held After Car Runs Down Three Children

Tahoe Waitress Pronounced Intoxicated Following Accident

A preliminary hearing has been scheduled by Judge Harry Harrison in the Tahoe Judicial District Court for Tuesday, September 14 for Mrs. Helen Duffy, 32, of Tahoe City, charged with a felony drunk driving count.

Mrs. Duffy, employed as a cocktail waitress at a Crystal Bay resort, was arrested by State Patrolman T. F. Sheehan after a car she was driving allegedly struck and injured three young children who were walking along the side of the highway at Agate Bay between Carnelian Bay and Tahoe Vista, Monday morning at 10:30 o'clock.

Sheehan said he was advised that the three children, Maureen Dixon, 6, Belmont; Peter Kenney, 6, and his brother, John, 5, were walking with Mrs. L. V. Kenney, San Francisco, mother of the latter two and aunt of the Dixon girl, were proceeding properly along the roadside when the car suddenly swerved off the pavement and struck them without warning.

The injured children were taken to the Tahoe Forest Hospital by ambulance where an examination revealed, hospital attaches said, that their conditions were not serious.

Mrs. Duffy was taken to the Truckee jail where a sobriety test revealed she was intoxicated, the patrol said.

The car was traveling west at the time of the accident and the pedestrians were traveling east facing the on-coming traffic as required.

## NEW WATER TANK BOOST STORAGE FOR LOCAL DISTRICT

Installation of a new 100,000-gallon water tank north of the high school property, which was put into service last month, gives the Gateway and Meadow Park district a total storage capacity of 210,000 gallons, ample for all current and immediate future demands.

C. Edmunds, manager of the Truckee Public Utility District, said the next necessary step in providing this entire area with an adequate system for future development will be the tieing in of the system west of town with the Truckee storage which now totals 350,000.

Still another future requirement, he said, is the erection of a storage tank above the former Truckee Water System string on the hill south of town. This coupled with the development of the springs south of here, but in the utility's system, will give the region sufficient water for many years to come, Edmunds believes.

The cost of the proposed projects, he added, will range from \$30,000 to \$40,000, the cost to be spread over a period of time.

## GRAND CHIEF WILL VISIT LOCAL LODGE

Summit Temple No. 79, Pythian Sisters, will entertain Faye Hardwick, grand chief of the lodge on September 23. Members of Donner Council, No. 13, Pythian Sunshine Girls, will perform a public drill and presentation for the honored visitor.

Nancy Marquis presided at the meeting of the Donner Council on Sept. 1 in the absence of Janice Gray, royal princess when preparations were completed for the coming event.

The group will again hold a meeting on September 15.

## Unusual Mishap Hurts Girl On Street Here

An unusual accident which sent Miss Dorothy Hallett, 16, Sacramento, to the Tahoe Forest Hospital for treatment occurred last week on Bridge street just back of Bank of America.

According to witnesses Miss Hallett was reaching through the back window of a car registered to Paul Frame, Jr., of Sacramento petting a dog when a vehicle operated by Robert Earl Gray of Kings Beach struck her. Patrolman Carroll Maynard made the investigation. She was taken to the hospital by Truckee ambulance.

## Humbert Ciardella Out Of Navy, Resumes Study

Humbert Ciardella, who for the past four years has been in the navy as weatherman with foreign as well as domestic service, has received his discharge and returned home. He plans to resume his studies at the University of Nevada, majoring in physics. He is the son of Mr. and Mrs. Humbert Ciardella of Truckee.

## Increase Noted In District Schools As Classes Resumed

The four elementary schools and the high school of the Tahoe-Truckee Unified School District opened for the fall term Tuesday with a total enrollment of 708, a 13.6 per cent gain over the 623 enrolled on the opening day of school last year, Superintendent E. V. O'Rourke announced.

Of the 708, 258 were registered in the high school, as compared to 213 registered there last year on the opening day. The enrollment of the elementary schools last year was 410 compared to 450 this term.

A comparison, which shows a gain in all four elementary schools this year over 1953 follows:

Truckee	217	205
Tahoe Lake	112	99
Kings Beach	93	84
Donner Trail	28	22
High School	450	410

**FINAL DAY**  
Today marks the last day to register for the general election in November. Local registrars are Mrs. Joe Mattos at the office of Judge F. W. Wilson and Mrs. George Kamp in the Truckee Public Utility District office.

## Hitchhiker Gives Local Ambulance Driver Real Sunday Workout

A hitchhiker, subject to fits, but otherwise apparently quite able to proceed on his trip, gave Tom Dolley and his Truckee ambulance quite a workout Sunday afternoon.

Three times within a matter of six hours, the ambulance was called out by some helpful motorist who found the unfortunate fellow beside the highway and assumed he was the victim of a hit and run car, and three times the ambulance responded and arrived just in time to find the "victim" up and ready to proceed.

The hitchhiker first had an attack at Gateway, a short time later near Donner Lake Lodge and the final time—for the Truckee ambulance at least—near Big Bend.

"It sure gave us a real workout," Dolley declared.

## LOCAL MOTORISTS ESCAPE IN ACCIDENT

R. N. Little of Truckee and Mrs. Judy Thatcher and the latter's young daughter of Lake Tahoe escaped injury Sunday when the former's car was involved in a three-vehicle accident at Filmore near Oxnard. The local people were en route to Oxnard to visit Little's daughter and family and had stopped at a railroad crossing, believing the signal light was red.

A following truck was unable to stop and crashed into the Little car, careened across the highway into the path of a third vehicle coming from the opposite direction. All three vehicles were badly damaged.

## Barry Leamon Feted At Birthday Party

A dessert and Donner Theater party was given by Mr. and Mrs. Robert Leamon in honor of their son, Barry, who was 10 years old on September 2. School friends sharing the event were Jimmy Osburn, Terry Walker, Mike Lee, Quinton Kay, Mike Kumle.

## Work Continues On Resurfacing Highway

Brief traffic delays are encountered between Truckee and Donner Lake as the Clements Construction Company continues the task of resurfacing Highway 40 from the foot of Donner grade to Bridge street in Truckee. During weekends, the crews are resurfacing with plant-mix the streets in Gateway Park.

TAHOE CITY—With ten gates open at the Truckee river, the level of Lake Tahoe Monday stood at 6227.45 feet.

Temperatures during the week have been normal, ranging from a high of 76 last Thursday to a low of 34 Sunday and Monday mornings.

## Write-in Ticket Seeks Election For Sanitary Job

Smart, Owens, Neugebauer Offer To Return Salaries

Interest in the forthcoming Truckee Sanitary District election was heightened this week with the announcement that three write-in candidates will seek the three vacancies occurring on the board of directors.

Only two incumbent candidates, Joe Mattos and James McIver, filed their necessary petitions to qualify to have their names on the September 20th ballots. Mattos is a veteran member of the board, having served for a number of years, while McIver was appointed last year to fill the unexpired term of Nate McCrory who left here to make his home in Roseville.

The write-in ticket, announced this week, includes Reginald Smart, owner of Goodfellow's Coffee Shop, Jack Neugebauer, manager of the Donner Theater and H. L. (Bud) Owens of Bud's Fountain and Electric Store.

The write-in ticket has issued a statement promising to serve on the board without compensation, turning the current \$15 per month salary back into the treasury to be used in keeping the streets and alleys of the district clean.

Dave Rose, currently a member of the board has announced that he will not under any circumstances seek return to the office. Robert Siebold and William Curran are the two holdover members on the five-man board.

## WINNERS IN LIONS CONTEST REVEALED

Tiny-tot winners in the contest coincident with the recent Lions Club's benefit show, "You Can't Beat Fun," were announced this week.

Topping the list as king and queen were Brian Smart, son of Mr. and Mrs. Reg Smart and Michael DeLisle, daughter of Mr. and Mrs. Ernest DeLisle.

The princess was Kathleen O'Rourke, daughter of Mr. and Mrs. Michael O'Rourke and the prince was Steven Rose, son of Mr. and Mrs. Robert Rose. Kenny Torri and Bill Fordham were tied for duke and Denise Clepper and Sandy Miller were tied for the honor of duchess.

The Lions Club extended its thanks to Mr. and Mrs. Humbert Ciardella for the free use of their Capitol Hall during the show and also to the parents of the children entered in the contest. With all expenses deducted, it is estimated by the committee that nearly \$500 will be added to the club's welfare and charity fund.

## Reception Will Be Held For Teachers Monday

A reception will be held Monday evening, September 13, in the Truckee Elementary School building for new and returning teachers during the first fall meeting of the Parents and Teachers Association.

Mrs. Gilbert Kumle will preside and members of the organization's executive board are in charge of arrangement for the evening.

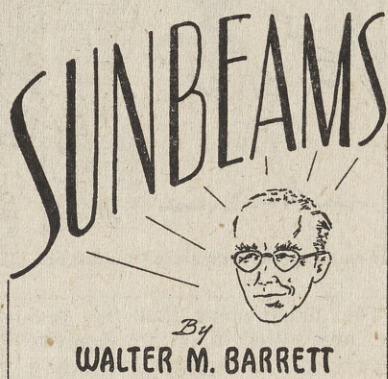

## C. E. Marks Parents Of Eight-Pound Son

Mrs. Stanley Zwarg has received word that Mr. and Mrs. C. E. Marks of Fontana have become the parents of a boy, named for his father, Clifford Earl. The child, who weighed 8 pounds and 4 ounces arrived on his mother's birthdate. The couple, former residents of Truckee, have a daughter who will celebrate her first birthdate on September 11.

**In Valley**—Mr. and Mrs. Lyle Westcoast and daughters were valley visitors during the holiday.

**From San Jose**—Miss Dorene Quam of San Jose visited her parents, Mr. and Mrs. Oscar Quam during the Labor Day weekend.

**Society Meets**—The Women's Society of Christian Service is meeting today at the Community Methodist Church.

Opening of school this week should be a signal for all drivers to exercise more than usual care with their vehicles. Many of the children are away from home for the first time and are ignorant of the dangers attached to automobiles and trucks. They are entirely dependent upon the judgment and sound sense of the driver. Others are inclined to be careless, giving little thought to the lethal potential of a motor vehicle as they hurry here or there intent upon their destination. It is not at all uncommon to see children at play dart out into the streets or onto the highway, so it becomes incumbent upon the drivers to use every precaution, whether they are near a school or not. Speed must be curtailed at all times and a careful watch must be maintained constantly. This warning applies not only to adult drivers but also to a rather large number of juniors who are using vehicles to go to and from school and often make silly attempts to show off to their fellow students with fast driving, quick starts and unsafe turns. It really isn't worth while. No one is going to admire your skill and daring if you accidentally hit an innocent child.

**Archery Deer Season Opens In This District Next Saturday Morn**  
Although the official deer hunting season in this district does not open until September 25, the archers of the area are tightening up their bows and sharpening arrows in preparation for their hunt from Saturday, September 11 to September 20. The same season is open to archery bear hunters.  
The regular bear season in this district is open from September 25 to January 15.  
Only one buck, forked horn or better, may be taken in this district by an archer or rifleman and the use of dogs in hunting either deer or bear during the archery season is strictly forbidden.

## Stolen Local Car Is Recovered In Reno

Mr. and Mrs. Roy Elf, whose car was stolen from in front of their home on Church street sometime Friday night, have been advised of its recovery in Reno yesterday. It was not determined whether or not the vehicle had been damaged. Elf told the California Highway Patrol that he left the car parked as usual and when he went for it Saturday morning it was gone.

**RECKLESS DRIVING**  
Wilson Brown, 63, Colma, was treated at the Tahoe Forest Hospital after his car careened down Donner Summit and was demolished. He was cited by Patrolman Gausche for reckless driving.

**YOUTH ARRESTED**  
Henry Marion Morris, 17-year-old Bellflower boy, was held for car theft after the vehicle he was driving crashed into a bakery truck driven by Robert McDonald at Tahoe City Friday morning. Morris failed to stop after the collision and abandoned the car, which officers said later had been stolen from Reno, at Kings Beach.

Patrolman Sheehan put a "stake out" on the machine and later when Morris returned for it he was taken into custody. Neither Morris nor McDonald were injured.

## Extension of Speed Zone At Homewood Approved

SACRAMENTO—Extension of an existing 35-mile speed zone for a little less than a quarter of a mile on State Sign Route 89 in the resort community of Homewood on the west shore of Lake Tahoe was announced today by the State Department of Public Works.

The extension is northward from the present zone in the vicinity of Fern street. It was recommended by State Highway Engineer G. T. McCoy following an engineering and traffic study by the division of highways. The California Highway Patrol concurred in the recommendation.

The change will be effective with the posting of signs, probably within a week.

## Wrecks In Area Keep Patrol Busy During Weekend

Series Of Collisions During Holiday Send Some To Hospital

Although there were no major accidents in the heavy holiday weekend traffic in the Truckee area, the California Highway Patrol squad here was kept busy night and day investigating numerous crashes and other routine jobs.

Frank P. Higgins, Oakland, is in the Tahoe Forest Hospital with a fractured skull following an accident at mid-way bridge on the Tahoe-Truckee highway Saturday morning at 1:30.

The Higgins car sideswiped one driven by Norman S. Landsburg of San Francisco and plunged into the Truckee river.

The driver at first showed concern over the fate of two girls who had traveled from the bay area with him and the Truckee and Tahoe Fire Department rescue units spent some time searching the river for the girls.

After Higgins recovered somewhat from the injuries he advised the investigators that the two girls had left the car at Bijou and were not with him at the time of the crash.

Landsburg and his passenger, Denis Dawson of San Francisco, escaped with minor injuries. Patrolman Carroll Maynard investigated.

**PARKER CAR HIT**  
Adolph Rizzo, Bakersfield, and Carl Lundliis, North Sacramento, escaped injury when Rizzo's car hit the parked Lundliis machine west of the Nevada state line Thursday morning. Patrolman William Gausche made the investigation.

**CARPENTER HURT**  
Earl Noel, Kings Beach carpenter, suffered head and face injuries when cars driven by Warren D. Head, Kings Beach and Albert A. Lundgren, Tahoe City, collided Friday morning at Brockway. Patrolman T. F. Sheehan cited both drivers.

**LOCAL WOMAN INJURED**  
Mrs. Margaret Ryason of Truckee was injured Sunday morning when her car plunged 10 feet off an embankment four miles south of the Tahoe-Truckee Wye. She was taken to the Tahoe Forest Hospital for treatment and was cited for driving without due caution.

**TRUCK ACCIDENT**  
Charles Challengren, 71, Gridley, and his wife, narrowly escaped serious injury when the entire side of their car was ripped off in a collision with a truck driven by William McFarlane, San Francisco, on Donner Summit Sunday morning. Patrolman Gausche cited Challengren for attempting a bad pass.

**RECKLESS DRIVING**  
Wilson Brown, 63, Colma, was treated at the Tahoe Forest Hospital after his car careened down Donner Summit and was demolished. He was cited by Patrolman Gausche for reckless driving.

**YOUTH ARRESTED**  
Henry Marion Morris, 17-year-old Bellflower boy, was held for car theft after the vehicle he was driving crashed into a bakery truck driven by Robert McDonald at Tahoe City Friday morning. Morris failed to stop after the collision and abandoned the car, which officers said later had been stolen from Reno, at Kings Beach.

Patrolman Sheehan put a "stake out" on the machine and later when Morris returned for it he was taken into custody. Neither Morris nor McDonald were injured.

## CAR OVERTURNS

Mrs. Catherine Lake of Berkeley was treated at the Tahoe Forest Hospital Tuesday afternoon after a car driven by her husband, John, got out of control near Norden and overturned. The driver was cited by Patrolman Gausche for not having his vehicle under proper control and being on the wrong side of the highway. Lake also suffered minor injuries.

## Augie Esolas Announce Arrival Of Daughter

Mr. and Mrs. Augie Esola of Del Paso Heights have sent announcements to local friends of the arrival of a daughter on August 9. The little girl weighed 6 pounds 4 ounces and has been named Johnne Lynn.

## Suicide Notes Left By Train Victim In Truckee Yards

Rupert Dietrich, 56, of Reno, was killed Friday when he apparently threw himself under the wheels of a Southern Pacific train in the yards east of Truckee.

Truckee Constable N. F. Dolley said the death was apparently a suicide. He said it was being investigated by Coroner Alva Hooper of Truckee.

Dietrich's body was found by the crew of a westbound train at 8:50 a.m.

Dolley said Dietrich was apparently still alive when the train crew reached him, but died seconds later. It was not known which train struck him.

An unemployed carpenter, Dietrich lived at 188 Airport Road. Notes found in his pockets were addressed to his former wife, Mona Dietrich, 710 B street, Sparks and Murray A. Kahn, 188 Airport Road.

Dolley said the notes indicated Dietrich's concern over being unable to find employment.

Dietrich is survived by a son, John, of Sparks, and two daughters, Arlene of San Francisco and Mrs. Beverly Wilkinson of San Bernardino.

The body was shipped this week to Codott, Wis., for funeral services. Members of Dietrich's family reside in that city. The Truckee Colonial Mortuary handled the local arrangements.

## Methodist Fellowship Group To Yerington

The Methodist Youth Fellowship is taking in the training conference for Fellowship officers and members to be held in the Methodist Church in Yerington, Nev. It is a one-day conference on this Saturday.

They will hold their regular Sunday evening meeting at 6:30.

On Monday the Fellowship continued their job of painting one of the Sunday school rooms in the church. The group is planning a "back to school" party in a couple of weeks.

## Occupants Escape As Car Destroyed In Fire

A car driven by Theodore D. LaPoint, Sacramento, was completely destroyed by fire at 9:30 last night and the occupants escaped death when passing motorists broke the windows with rocks and permitted them to escape. LaPoint told State Patrolman Roy Stallard that he was forced off the road by a cattle truck traveling in the opposite direction. No one was injured.

The suppression crew from the Truckee U. S. Forest Service here was called to prevent the spread of the fire on Donner grade.

## Sturcke Flies To Testify In Stolen Car Case

State Patrolman Martin Sturcke flew from Reno to Los Angeles to testify in the grand theft trial of two young men charged with stealing an automobile which they wrecked at Hirschdale August 12.

The defendants are David Allen Lotta and William Scott, Jr., arrested at Hirschdale after the car in which they were riding left the highway and was demolished, injuring a hitchhiker, who was a passenger in the vehicle. Patrolman Sturcke made the investigation.

## Lt. Hinkle Now Stationed At Fort Benning, Ga.

TAHOE CITY—Second Lieutenant Richard Hinkle, son of the late Mr. and Mrs. George Hinkle of Tahoe City, is now stationed at Fort Benning, Ga. His wife and three children are residing in Richmond.

Lieutenant Hinkle served in the marine corps during 1945 and 1946 and was aboard the USS Lejeune. He is now serving with the air forces.

## Sisters Visit—

Mr. and Mrs. Ray Brancroft and Mrs. Alton Davis of Dallas, Texas, and Mrs. Ruth Wheeler of Bakersfield are visiting here with Mr. and Mrs. Joe Carter. The four women are sisters and are enjoying a reunion.

## Sportsmen Will Hold Buck Stew Here October 10

Will Seek Radio For Local Patrol Car From Fines Fund

Sunday, October 10.

Mark this date on your calendar for it is the day of the big annual buck stew sponsored by the Truckee Outdoor Sportsmen and slated for the Capitol Hall that afternoon.

Initial plans for the affair were made at Tuesday night's meeting of the club attended by 40 members. Details will be ironed out by the board of directors at a meeting to be called by President Charles Osburn this week.

Mrs. Ethel Osburn, Mrs. Dolores Osburn and John Richards were named to secure the 80 or more prizes to be given at the dinner and Gino Giovannoni, Bill Fordham and James Bouvia were chosen to select the rifle which annually heads the list.

Although other members will assist, the matter of obtaining the required amount of venison was left in the hands of Lloyd Van Sickle and Al Haltom.

Chefs will be Johnny and Julia Ciardella, who will be assisted by the usual corps of aides.

## SEEK RADIO

The club Tuesday also unanimously endorsed a proposal that a portion of the fish and game fine money collected in local courts be used to finance the installation of a short-wave radio in the car of Warden Irv Single. Some of the fines collected here are earmarked to be returned for local projects and the club felt that no better use could be made of the money.

It was pointed out by Osburn that the two-way radio would be set on the California Highway Patrol band and in this way the warden could be in constant contact with the patrol, providing a joint benefit and at the same time the patrol officers could lend assistance to the warden.

The plan has the approval of Sgt. Ed Freeman, Osburn said, and plans will be made to effect the project immediately.

## STAGE SET FOR SKY HIGH BOAT RACE ON LAKE TAHOE

Everything is in readiness for the big annual Sky High Gold Cup regatta to be held Saturday and Sunday at Pope's Beach adjoining Camp Richardson at Lake Tahoe.

Some of the fastest boats and best drivers in the country have entered the races and the affair promises to be one of the most outstanding ever held.

The affair is sponsored by the Lake Tahoe-Sierra Chamber of Commerce and President Fred Main is chairman of the committees in charge. The American Power Boat Association will supervise.

The first event is slated for 10 a.m. Saturday.

Full details of the races were published in last week's issue of the Sierra Sun.

## Costumes Of Past Will Be Wyethia Feature

Costumes of the past will be worn by some members of the Wyethia Club tomorrow evening when Mrs. Guy Rogers, state chairman of the Federated Women's Club will speak on customs of early California, featuring music and pictures on the program.

Dinner will be served at 7:15 p.m. in the clubhouse by Janet Allen, Janice Nottley and Carol Ann Quilici of Girl Scout Troop No. 1. The state colors of blue and gold will decorate the tables.

Hostesses for the evening include Mesdames H. G. Beck, Charles Heller and Fred Pedley. The latter will also preside at the meeting.

## Native Of Truckee, 77, Enjoys Visiting Here

Julius F. Adolph of San Francisco, a native of Truckee 77 years ago, visited here Friday, renewing friendships having left to live in the bay district 40 years ago.

Adolph was associated with his father, the late Jacob Adolph in a general merchandise store located in the building now housing Sarge's restaurant, later selling to the Rosarini family.

Adolph, a former justice of the peace here also had an interest in the Tahoe market, then located on Commercial Row. He continued to Lake Tahoe where he visited with the family of Mrs. Roy Buell, also a former Truckeeite, before returning to San Francisco.

## Wesley Fairs Parents Of Infant Daughter

Diana Kay arrived at Tahoe Forest Hospital late Thursday, September 2 for Mr. and Mrs. Wesley Fair. The lass weighed a diminutive 5 pounds, 10 ounces at birth. Dr. Allan Sklar was the attending physician.

DeWitt Nelson, state director of natural resources, said the tests, known as "Operation Fire Stop," are being conducted on the Pendleton Marine Base, in San Diego County.

Nelson said fire fighters are experimenting with such fire controlling measures as water bombing by planes and helicopters, use of chemicals, creation of local fog, mobile wind machines, and detailed weather studies.

The director called the experimental fire fighting operation "the greatest ever attempted." He said the army, air force and marines, as well as city, county, state and federal fire fighting personnel, are involved in the tests.

### AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—Proposition No. 7 on the November 2 ballot is a prelude to getting rid of the Torrens Act, an initiative measure which was adopted by the people of the state in 1914, and which has been apparently ineffective.

The Torrens Act provides for the optional registration of title to land. A Torrens title at the present time, cannot be relied upon, according to the proponents of repeal of the act, because such a title does not show current taxes and assessments, federal tax liens, many state tax liens, bankruptcies and receiverships, dissolution or forfeiture of corporations, incompetency proceedings, and actions in federal and state courts, such as divorce and probates.

### Our Great America

The amendment that the people are called upon to approve merely gives the state legislature the power to repeal the Torrens Act, and undoubtedly, if it is passed, the act will be repealed.

Apparently, it makes little difference to the average citizen whether the Torrens Act is on the books or not, as the big title companies have virtually all the business, and get their cut out of almost every real estate transaction in California. Arguments for passage of the amendment say that less than one-tenth of one per cent of the land in California is registered under the Torrens Act.

There are no dissenting arguments against Proposition No. 7. Proposition No. 8 is another tax exemption measure for commercial and fishing vessels. If passed, it would provide an exemption from local property taxation of a vessel weighing more than 100 tons, registered at a port in California, and engaged in transportation of freight or passengers or deep sea fishing outside California waters. Ballot Proposition No. 5 provides for exemptions of vessels of 50 tons. The legislative council has ruled that if either or both measures are adopted by the people, they will be effective, regardless of the number of votes cast. Proposition 8 was adopted primarily to aid fishing vessels which operate out of San Diego, San Pedro, and other coast ports.

Proposition No. 9 is non-controversial. It would merely extend the church property tax exemption to land for any church building which is in the course of construction, additional land required for convenient use and occupation of the building, and the equipment for the building, if all of these items are intended to be used exclusively for religious worship. There are no dissenting arguments on this proposal.

Proposition 10, which fixes terms of assemblymen at four instead of two years, and state senators at six, instead of four years, and limits future governors to two

successive terms, is controversial.

Proponents of the proposition contend that the change would insure the retention of more skilled and experienced legislators, while opponents reason that some legislators have been in too long anyhow, and that the people should more often have the choice of selection to insure elimination of those who are not satisfactory legislators. Unfortunately, question of whether to limit the governor to two terms is tied in with this amendment affecting legislative terms, and if people believe two terms is enough for any governor, they will have to vote to increase the terms of the legislators. Thus, the individual who believes in one and not the other part of the proposal can do little but skip this proposition.

### Longer Life Span Makes Health Survey Necessary

SACRAMENTO (CNS)—Dr. Malcolm Merrill, state director of public health, said the current gathering of statistics on illness gathering has been made necessary by the lengthening life span of the state's senior citizens.

Merrill said that in 1910 one-third of all deaths in the state were caused by communicable diseases, such as typhoid fever, smallpox and diphtheria, among young and old alike. But now, he said, such diseases have been controlled and chronic diseases, including cancer and heart disease, have become responsible for 75 per cent of all deaths.

The health director said the current study will aid in the state and federal programs for establishing old people clinics and other preventive measures against ill health.

The Central Valley Water Project pumping plant near Tracy will take care of all of the flow of the San Joaquin river and about half the flow of the Sacramento river during low water periods, if operated at full capacity.

### Labor Committee Is Named To Assist In Campaign For Kuchel

Formation of an AFL labor committee for Senator Thomas H. Kuchel was completed in Santa Barbara today as the annual convention of the California State Federation of Labor neared its end.

Daniel Del Carlo, secretary-treasurer of the San Francisco Building Trades Council, was named chairman at a meeting attended by scores of AFL members who are backing Kuchel's election in November.

Capt. Charles F. May, head of the AFL Masters, Mates and Pilots, was named vice chairman of the state-wide group and Joseph A. Murphy, business representative of San Francisco Hod Carriers Local 36 was named secretary.

At the meeting the nucleus of the state group was formed by leaders of such AFL unions as Marine Firemen, Painter and Paper Hangers, Upholsterers, Public Employees, Postal Workers, Mill Men, Sailors, Union of the Pacific, Lathers, Tile Layers, Meat Cutters, Bricklayers, Locomotive Engineers, Iron Workers, Engineers and others.

"Tommy Kuchel's record as a state assemblyman, a state senator,

### Governor Told State Needs 600 New Schools

SACRAMENTO (CNS)—California needs 600 new elementary schools, 30 new high schools, and 14,000 new teachers to help take care of 2,333,000 pupils who will file to school in September, Gov. Goodwin J. Knight was told today.

Roy E. Simpson, state superintendent of public instruction, said the expected attendance is 170,000 more than last year. He said the public school system needs 10,000 more classrooms just to take care of the increase.

state controller and U. S. senator is one that organized labor will support," Del Carlo declared. "His efforts in behalf of labor cannot be overlooked. His support of President Eisenhower and his record of supporting the administration in Sacramento plus his personal accomplishments cannot be ignored," said Del Carlo to those attending the session.

Del Carlo added that shortly both southern and northern California members of an AFL executive committee to support Kuchel will be announced.

## TAHOE FOREST ACTIVITIES

**Timber Sales to Date**  
The timber sale activity of the forest continues at a fast pace. The total volume sold to July 15,

1954 in 11 separate sales totals 29,000,000 board feet. Additional sales totaling approximately 11,000,000 board feet are ready for advertising. These last should be contracted by August 1.

Sales made so far this year are scattered over the entire forest and the following lumber companies have been awarded contracts. Grizzly Creek Lumber Com-

pany, Cal-Ida Lumber Company, Oregon Creek Lumber Company, Sierraville Lumber Company, Balm Lumber Company and the Matson Lumber Company. Size of the sales have varied from 80,000 board feet to 4,500,000 board feet. One sale advertised July on the Sierraville District is for a total volume of 5,350,000 feet.

It is anticipated, in spite of the shut-down of some mills in the Tahoe area, that the total timber sale volume for the calendar year 1954 will reach the 60,000,000 board feet mark.

The sale of timber from National Forest lands is a complicated job. An area is selected and then cruised to determine the approximate volume by species. Because most of the Tahoe Forest sales are in virgin territory, only those trees which have ceased to grow are sold. Good healthy trees, regardless of size or age, are not cut. The purpose of this policy is to remove the dead or dying trees and those which are becoming defective on the first cutting cycle, which improves the growing condition of the remaining stand. After the forest has been cut over, in 20 or 25 years, there will be sufficient timber left standing to

re-cut the area. The large healthy trees now left to grow will continue to produce good sound lumber and will reach full maturity in that time and will be ready for harvesting. This policy results in a sustained yield and assures a continuous supply of timber from the forest indefinitely.

Before cutting by the purchaser, a sales officer is assigned to the area and he marks each tree that is to be cut. This officer also scales the timber cut and supervises the cutting himself to assure that minimum damage is done to young timber and that the provisions of the sale contract are followed.

### Income of \$1,000,000

For the first time in the forest's history, this fiscal year just ended, July 1, saw a gross income to the forest in excess of \$1,000,000. Value of timber harvested was \$880,000 and the remaining sum was derived from sale of grazing, summer home permits, commercial power and telephone lines, and other forest use. Of the total income approximately \$140,000 is placed in cooperative funds underwritten agreements and used by the forest for improvement of residual timber stands, road maintenance, additional fire protection be-

## NORTH TAHOE

By JUDGE HARRY CHARRISON

Contrary to the rumors, Joby Lewis will be open all year. His Cal-Vada Lodge will be a welcome spot through the winter months. It is also said that he is planning to make vast alterations, enlarging the dining room and casino when finished it will be one of the finest lodges on the lake and we wish nothing but the best for Joby and Helen.

Very sorry to hear that the Bill Miedemas' wee 4-months-old baby is very ill. It was thought for a while that she would not survive, but the last reports from Bill to his mother was that there was some

cause of increased hazard due to timber cutting and other similar uses.

Roughly \$240,000 will be distributed to the counties in which the forest is located; Sierra, Nevada, Placer and Yuba, in accordance with the number of acres of each county within the forest boundary in relation to the total forest acreage. By law, this money must be used for school and road purposes.

## SUMMARY OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS

August 27, 1954  
The meeting of the Board convened at 10:00 o'clock A.M. with all members present. The minutes of August 20 were approved and adopted as read by the Clerk.

The Board loaned the Nevada City Elementary School District \$5,000.00 from funds of the Special Road Improvement Fund.

The morning was occupied by final budget hearing.

A motion to allot the sum of \$200.00 for use by the local unit of the National Guard was defeated by a 3-2 vote.

Mileage in the Supervisor's budget was reduced from \$2,000.00 to \$1,500.00 and convention expense was reduced from \$750.00 to \$500.00. The 1954-55 general reserve appropriation was deleted from the budget for this fiscal year. The \$12,000.00 appropriation in the hospital pipeline was reduced to \$8,000.00; the detention home appropriation was reduced from \$50,000.00 to \$48,072.92. Three hundred dollars each was dropped from Radio Communication and Judicial District budgets.

It appearing to the satisfaction of the Board that due and legal notice of the final hearing on the budget had been given by the Clerk, and no person appearing either for or against any appropriation in said budget, it is unanimously ordered that the preliminary budget as amended above be declared to be the final budget for the 1954-55 fiscal year.

A motion was again made to give \$200.00 to the local National Guard unit and was again defeated by a 3-2 vote.

The Board adopted Ordinance No. 195 which adjust salaries set up in Ordinance No. 190 and ordered the same published in THE UNION.

Adjourned to Monday, August 30, at 10:00 o'clock A.M.  
August 30, 1954

The meeting convened at 10:00 o'clock A.M. and the absence of Supervisor H. G. Loehr is noted. The Board proceeded to officially set the tax rates for the coming year. The county basic rate was fixed at \$2.07 for county purposes plus .13 for Junior College tuition which makes an overall county-wide levy of \$2.20. Special district taxes were fixed and entered into the minutes.

The Auditor was authorized to have the final budget printed for public distribution.

The Board formally adopted a resolution to borrow \$175,000.00 on a tax anticipation note and fixed Friday, September 10, for issuance of the same.

Adjournment is taken sine die.  
R. E. DEEBLE  
County Clerk and Ex-Officio  
Clerk of the Board of Supervisors

improvement. Bill is in the navy and has lately been moved from Pensacola, Fla., to New Orleans. We wish a speedy and permanent recovery for the little tot.

Mrs. Bill Ball tells me that her mother who had been visiting here, is now in Carmel and is about to take a trip to Vancouver, B. C., going by plane. Getting to be, or is, quite a gad about, says her daughter.

About 50 Lions gathered at the Trade Winds, Kings Beach, last Sunday for dinner, and a special meeting of the district governors' cabinet. It was a ladies' day, as it turned out to be, although not arranged that way. The lady Lions would not be denied and sat right down with us, so that was that. Had the pleasure of seeing one of my Pasadena-Lions, who at the moment is district secretary with offices at Santa Barbara. Oh, yes, it was Lyman Theal and his wife, we both joined the Pasadena club 18 years ago. Arrangements are being formulated for the big district convention to be held at Cal-Vada Lodge next May, for which Vice-President Bill Ball is chairman, assisted by Lee Madden, secretary.

Wyman and Beverley Williams, and my little pal, Randy, have left for Pasadena after quite a stay for Beverley, who says she would like to linger longer but she has the painful job of arranging the decorating of their new home that they are building in the foothills of Pasadena. We hope to see it before long.

So glad to see Mrs. Andy Wickland getting along again. She seems to be just about as well as ever.

No less than 27 first-timers attended church Sunday. Rev. A. B. Covher tells me that there have been all the way up to 61 new faces in one day during the season. One of the first-timers on Sunday last was Bob Wray and his wife from Tahoma. You will remember the harrowing experience

that Bob went through last spring when he was so severely burned at Brockway, and his first thoughts was to give thanks to his maker at the first opportunity, by attending church. We hope his happiness in the future will be the healing factor for him. The sermon last Sunday, "Unto the Least of These," Dianoe Rogers and Joanna Johnson were the soloists. At a recent business meeting Kay Felter was elected church treasurer; Camy Althof, financial secretary and Mrs. Covher, Sunday school superintendent. The fall season will be in full swing beginning with rally day, September 26, and world communion, October 3. There will be a potluck home coming dinner on that day, and the first adult choir practice on September 24. If you can sing be there on that date, won't you? Thanks.

I never did see two such proud grandparents as Earl and Mrs. Nelson of Nelson's Cottages of Kings Beach. All on account of Gordon and Darlene Bitler, their son and daughter-in-law, the wee girl was born in the Truckee Hospital on September 6 at 9 a.m., a real Labor Day, says Darlene. They were so sure it was to be a boy that they haven't named her yet. Congratulations to the proud parents.

Quite an event will be held on the 15th, 16th and 17th of September next Wednesday, Thursday and Friday at the south end of the lake, when the judges and constables hold their convention. Fred Brentzel of Bijou is the chairman of the affair.

It looks as though the summer season is nearing its end, but one thing we have to be thankful for is that the winter seasons are growing bigger and bigger each year, thanks for the cooperation of the resort owners and clubs.

Davey Ashton, with Barney and Scott Gilmore roved all over the mountain tops over the past weekend and came back like Indians.

## HOTEL MEN WILL HOLD MEET SOON AT TAHOE RESORT

HOMESWOOD—Sunday, September 12 the board of directors of the California State Hotel Association will hold a monthly meeting at Brockway Resort. This meeting will be presided over by LeRoy Linnard, president of the California State Hotel Association.

Through the courtesy of Pete Bennett, manager of Brockway, the resort section of the hotel association will hold a regional meeting

Monday, September 13, beginning at 10 o'clock and adjourning at 12:30 for a luncheon meeting. Generally, these regional meetings for the resort people are very informative and interesting. Discussions are led by leaders of the resort hotel business, and a local operator may gain much information by attending. All Lake Tahoe people are cordially invited.

One lighted match or cigarette, carelessly discarded, can destroy thousands of acres of forest and watershed cover, rangelands and grass. Be careful with fire. Help keep California green and golden.

## ANNEXATION MOVE STUDIED BY TAHOE CITY UTILITY DIST.

TAHOE CITY—Directors of Tahoe City Public Utility District have asked their attorneys, Chamberlain & Chamberlain of Auburn, to investigate the possibility of annexing the Tahoe Park Terrace Tract for sewer service.

Property owners of the eight lots composing the entire tract east of Tahoe State Park and camp ground, recently submitted their petition with a map of their properties.

The obstacle in annexation, according to the attorneys, is that state property separates the Terrace Tract from the utility district and the Public Utility Code requires that land proposed for annexation must be adjoining. Paul Chamberlain told the directors there is a possibility of solving the problem so that isolated property may receive sewer service from the utility district's new sewer system.

## INTERSECTION IS LIKELY PLACE FOR AUTO ACCIDENTS

SACRAMENTO—Watch that intersection.

This warning was issued today by the California Highway Patrol and is based on the fact that two out of every five injury and fatal traffic accidents occur at intersections.

"Most intersection accidents are caused by drivers who run traffic lights or stop signs, grab the right-of-way, or fail to be fully alert for cross traffic or turning vehicles," said Patrol Commissioner B. R. Caldwell. "Each of these actions is a flagrant violation of the vehicle code."

"Traffic laws, as outlined in the vehicle code, are sound, sensible safety rules and, when followed, will keep drivers out of accident trouble," Caldwell continued.

"Every intersection is a danger spot in this era of more and more motor vehicles using our streets and highways. Intersections can be safe if every driver will obey the rules and regulations, be reasonably alert prior to entering such intersection, and exercise more courtesy toward the other driver," concluded Caldwell.

**HOMESWOOD GUESTS**  
HOMESWOOD—Guests of Mr. and Mrs. Don Huff of Homeswood Resort during the hotelmen's convention Sunday will be Tom Marshall, manager of Hotel Woodland, Ned Richardson of Richardson's Springs, in Butte County; Mr. and Mrs. Ed Bedell of Sacramento and Mr. and Mrs. Tom Burness, formerly of Graeagle Lodge and now manager of the California Club at Los Angeles.

The aqueduct which carries water from the High Sierra to San Francisco reservoirs is composed of mountain and foothill tunnels and pipe lines.

## OUR DEMOCRACY—by Mat FOLKSY—EITHER WAY

IN EARLIER GENERATIONS OF OUR DEMOCRACY, THE COUNTRY OR "GENERAL" STORE WAS A CROSSROADS MEETING PLACE FOR PEOPLE WHO SWAPPED GREETINGS AND INFORMATION AS THEY CONSIDERED THE WARES.

TODAY'S NEIGHBORLY GOSSIP IS HEARD IN SUPERMARKETS AS WELL AS THE CORNER STORE, WHEN FAMILIES—INCLUDING "THE OLD MAN"—GO TOGETHER TO STOCK THE WEEK-END LARDER. AND TODAY'S ABUNDANCE OF ITEMS AVAILABLE TO AMERICAN FAMILIES IS MADE POSSIBLE IN PART BY THE INVESTMENT OF THE MONEY THEY HAVE PUT ASIDE IN LIFE INSURANCE AND SAVINGS FOR THEIR FUTURE SECURITY.

## TRAINING MEETING OF METHODISTS IS HELD AT LAKE TAHOE

RENO—Lake Tahoe during the past week has been the scene of an annual western regional training conference of the Methodist Student Movement, with more than 250 Methodist college students from 10 western states participating.

Training and recreation have been combined in the 4-H camp area at the lake.

The students and their counselors represent Wesley foundations on more than 30 campuses. Registration for the conference, largest in the west since the beginning in 1940, and also largest among six in the United States, was in charge of the University of Nevada delegates, Sally Rogers and Sue Q'Neil of Reno, with the Rev. Bernard Rice as counselor.

Among the students are more than a dozen from eight foreign countries in the Orient, Europe, Near East and South America.

The Presidio of San Francisco is the largest military reservation located entirely within a community.

## CIVILIAN EMPLOYMENT IN CALIFORNIA RISES

Civilian employment in California increased seasonally to 4,942,000 in July from 4,927,000 in June. William A. Burkett, director of the Department of Employment, and Paul Scharrenberg, director of the Department of Industrial Relations, announced today. The July employment total was the highest reached so far this year, but was 51,000 under that for July, 1953.

Scharrenberg said the increase of 15,000 workers from June resulted from gains in all major industry groups except government.

Unemployment, during the same period, declined by 7000 to a total of 236,000. Burkett attributed the decline principally to the recalling of employees by seasonal industries. This drop, he said, more than offset a rise in agricultural unemployment and entry into the labor market of the balance of recent school graduates.

A year ago, the state's unemployment was an estimated 173,000.

## TRUCKEE PUBLIC BOARD MEETINGS

### DEATH TOLL CUT DURING WEEKEND

SACRAMENTO (CNS)—California Highway Patrol Commissioner Bernard R. Caldwell today credited heavy enforcement of traffic laws and "the best driving behavior in recent years" for holding California's death toll to 22 over the Labor Day weekend.

Caldwell said this is 12 less than the 34 deaths recorded during the Fourth of July weekend, the last three-day holiday.

The reduction in the number of deaths came despite record traffic volume reported by the patrol over the weekend, the commissioner noted.

Caldwell said the holiday toll boosted the number of traffic fatalities for the year to 1973. But, he pointed out, this was a reduction of 285 under what it was at the same time last year.

Of the reduction, Caldwell reported, 222 are credited to uninhabited areas and 63 to cities.

Los Angeles was founded by Governor Felipe de Neve September 4, 1781.

### BALDWIN BEACH WORK IS BEGUN AT SOUTH TAHOE

Guerdon Ellis, supervisor of the Eldorado National Forest, announced that work has been started on the development of the Baldwin Organization Camp Beach which is a part of the overall plan for the recreational development of the Pope-Baldwin lands at Lake Tahoe.

Present planned development consists of two chemical latrines and approximately one mile of access road with parking area. The total cost of the project is approximately \$12,000. The beach to be developed is approximately one acre in size with about 250 feet of lake frontage. This development is in conjunction with the present construction of the access for the Mt. Tallac Organization tracts and will serve to reduce the impact on the Pope beach. The Baldwin Organization beach will be operated for regulated and scheduled use by organization groups.

The job will be done under the supervision of Ed Huestis, Eldorado Forest construction and maintenance supervisor, with the use of rented construction equipment. Major construction items are the right of way clearing, installation of two large culverts at Spring Creek, and the importation of fill material because of the low lying nature of the terrain. The project is working toward a completion date of about October 1.

Mariposa County had 335 farms in 1950, according to the census of

agriculture of that year. California produced 15,792,000 trays of strawberries in 1953.

### NATIONAL VIEWS & NEWS

RECOVERY WORK is the job being done by this Caterpillar crawler Tractor in the earthquake smitten islands of Greece. The series of earthquakes wreaked havoc and destruction on the islands, causing terror-stricken natives to flee to the mainland.

BAD GIRL TURNS GOOD... that's what happened to Jan Sterling, who recently got her first "good girl" role and can hardly believe it has happened to her. Cast in a rash of pictures as a brazen hussy or just plain toughie, the silver blonde was one of the naughty sirens of the screen. Either way she looks good.

SCHOOL DAZE is the situation facing bespectacled "Suh", year old cocker spaniel belonging to George Weaver of Arlington, Va. With his master away at Washington-Lee High School all day, "Suh" thought it only fitting that he study to become a scholar also.

### SOUTHERN SWIMMER FAILS IN ATTEMPT TO GO LAKE LENGTH

KINGS BEACH—Fahmy Attalah, 45-year-old swimmer, failed Sunday in his attempt to become the first person to swim the 23-mile length of Lake Tahoe.

Attalah, a psychology student at the University of Southern California, plunged into the lake's chilly water at 12:45 a.m. and struck out for Stateline on the Nevada shore 23 miles away.

He was pulled out of the 59-degree water at 8 a.m. seven hours, six minutes and 15 seconds later after covering slightly more than eight miles.

His handlers in accompanying motorboats said "he was almost frozen to death."

Attalah's first words were, "Let me in the boat. Sorry, fellows, I failed you. I just couldn't do it. The altitude and the cold water got me."

The Egyptian, who coated him self with seven pounds of pure lanolin in an effort to keep the frigid lake water from chilling him, made good progress until he

### SUCCESSFUL DEER HUNTERS ADVISED

SACRAMENTO—Letters to 4200 California deer hunters, advising them of success in drawings for permits in six special deer hunts, were in the mail last week (August 30), from the Department of Fish

hit a strong current which prevented him from making any forward progress whatever for the final two hours he was in the water.

Another Egyptian, Dr. Anwar Allen, 41, an oceanography student of South San Francisco, alternated at USC, and Fred Rogers, 30, ed in pacing Attalah for several hours during the morning. Rogers plans to attempt to swim the 12-mile width of the 6,226-foot-high lake Wednesday.

Attalah has successfully completed 19 long-distance swims totaling more than 500 miles. He swam the English Channel in 1950 and claims the world record for swimming 41 consecutive hours in the Mediterranean Sea in 1941.

He said during several practice swims last week that Lake Tahoe's water weren't as cold as those of the English Channel but admitted "I have changed my mind" after he was pulled into an accompanying boat Sunday morning.

### CUTTING-IN FROWNED UPON BY PATROLMEN

"The practice of cutting-in, an accepted custom in dancing, is outlawed and despised in traffic," declared Sgt. Ed Freeman, commanding officer of the Truckee squad of the California Highway Patrol unit.

The California vehicle code provide that a motorist overtaking another driver bound in the same direction shall pass on the left at a safe distance and shall not return to the right side until safely clear of the over-taken vehicle.

"A good practice when passing another vehicle is to remain in the passing lane until the car you have passed is visible in the rear view mirror. Then, in returning to the right hand lane, you are sure to have ample room to avoid difficulty," Sergeant Freeman advised.

### ST. LOUIS CAFE

AT YOUR CONVENIENCE

Whenever it is convenient for you to stop in for a complete meal or an in-between snack, you'll find us ready to serve you with delicious food to suit your taste. We always offer a good selection of satisfying meals, homemade soups, a big selection of fresh pies and always good, hot coffee.

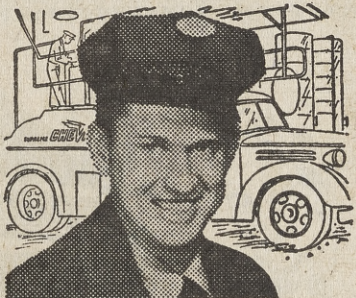

WE KNOW YOU'LL LIKE OUR PRICES, TOO

## 9,896 small businessmen help us serve you well

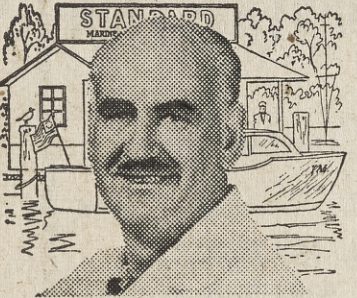

Back in Grandpa's day, horse-drawn tank wagons like this delivered Pearl Oil Kerosene and Eureka Harness Oil to Standard customers. It was a delivery system good enough for the times—but not good enough for a company with a growing demand for its products and a policy of putting them within reach of everyone.

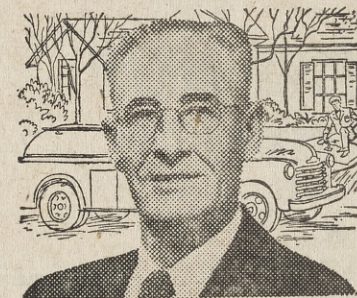

8,329 Independent Chevron Dealers like Elton McCoy, Sacramento, Calif., bring our products to Western motorists.

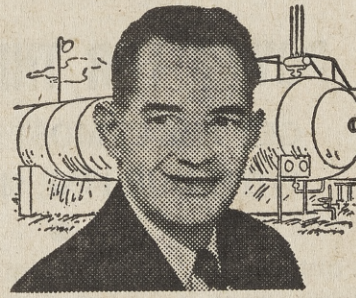

725 Independent Distributors like H. G. Hathaway, Grants Pass, Oregon, distribute our products in rural areas.

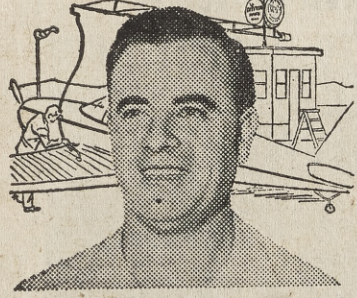

188 Independent Marine Dealers like Ted Engstrom, of Olympia, Wash., retail Standard products to Western boatmen.

235 Heating Oil Dealers like F. L. "Doc" Howard, of Boise, Idaho, are independent retailers of Standard Heating Oils.

101 Liquefied Gas Dealers like Fred La Frenz, Cedar City, Utah, are independent distributors of butane, propane gases.

318 Independent Airport Dealers like Howard S. Fisher, of San Diego, Calif., supply Standard products to Western planes.

Ever hear the one about big companies "squeezing out the little fellow"? You'd have a hard time convincing these 6 men—or the 9,890 independent businessmen like them who team with us to bring you Standard Oil Company of California products quickly, conveniently, economically. They form the nucleus of a distribution system that reaches every corner of the West. Each of these men operates his own independent company; together they employ 27,976 people. You prob-

ably know some of them because they contribute to the community life and prosperity of thousands of Western towns. Their undertakings are not only based upon Standard products, but operated and expanded with the help of scores of business aids Standard supplies without charge. We do everything we can to help them prosper because Standard knows a big company can't succeed without the help of small businessmen. It takes both to serve you well.

STANDARD OIL COMPANY OF CALIFORNIA

75 years of planning ahead to serve you better

## SWANEE'S Lake Tahoe Letter

Tahoe City, Sept. 5  
Dear Tahoeites:

Huge crowds have poured into the Lake Tahoe area over the three-day holiday weekend and this time our traffic record has been broken, although no fatalities have occurred as far as is known at this writing. Around 1:30 a.m. Saturday morning Frank Higgins, employed by Standard Oil in S. F., a guest at Squaw Valley, collided head-on with a car driven by Norman S. Landsburg of San Francisco. Both cars were demolished and three men were taken to the Tahoe Forest Hospital for treatment by the Ta-

hoo City Ambulance driven by Jay Shontz. Higgins insisted he had been accompanied by two women, and when they could not be found in the wrecked car a call was sent by the ambulance crew to both Tahoe City for first department rescue crews with lights to search the dark canyon and river. It was reported that passing motorists waded the swift stream in their best clothing in an effort to find the victims, but after almost two hours of searching Higgins finally admitted he guessed they weren't with him.

On Saturday around 12:30 p.m. Robert Wilbur, employee of the Rickett Logging Company, who lives at Sky Lodge, turned his light pickup over at Blackwood Creek on Highway 89, wrecking his car and giving him a ride to Tahoe Forest Hospital in the Tahoe City ambulance for neck injury. He reported he was passing a car when another car drove out onto the highway from a side road and in swerving to avoid a collision his car turned over. He was believed not seriously hurt.

Today Basil Kehoe and Don Jackson took the Tahoe City ambulance on another call to the vicinity of Edgewater Resort, between Tahoe and Truckee. The car

of another speeding motorist went over the sharp turn into the riverbed just this side of the resort and its owner was taken to the Tahoe Forest Hospital for observation and treatment.

Accidents reported here so far have been light in comparison with the terrific amount of traffic which has driven bumper to bumper for hours on end.

One mishap was reported on water too, that of the cruiser Nomad which operates from Sunnyside Lodge and other points on the California side of Tahoe. It was chartered yesterday by a group of the younger set for a moonlight ride, but ran into a dead calm which lasted all night when the boat's batteries failed. It was reported that flames were dropped during the night, but went unseen evidently by anyone as they were not rescued until after seven this morning. Harry Garion, owner of the boat, went to La Jolla several days ago to resume his job as teacher, and the cruiser was reportedly being operated by Bob Smith. Blankets were available for all, so although the cruise was not as lengthy as planned, no discomfort was suffered by anyone aboard. The Nomad was certified by the Coast Guard on Friday and carried full equipment.

And speaking of Sunnyside Lodge reminds me that Bill Briner of that menage observed another birthday today and celebrated same quietly with dinner and a birthday cake tonight, with Reno friends Frances Belford, Peggy McFarlin and Bill Young joining him.

Tahoe Tavern closes its doors on Friday, September 10 at 2 p.m. Members of the Western Life Insurance Company are the last to hold a convention there this year.

Constable Harry Johanson of Tahoe City has received no word to date of the whereabouts of one Tom York who was employed at the Tavern Gas Station this summer by Bud Scott. York took French leave several weeks ago, allegedly helping himself to \$500, or more, of the station money, and leaving unpaid bills behind. His description has been sent out on the police teletype and Officer Johanson believes he will be picked up soon. Johanson also issues a warning this week to local residents not to leave anything of value laying around the yard, or in parked cars. A wave of petty thievery is sweeping the Lake Tahoe area, and is believed being performed by persons who have been employed here during the season, on their way out. The motor from a boat, and a small portable icebox were among items taken from visitors at the State Camp Grounds just north of Tahoe City last week. Miss Carol Wilson, daughter of

## Civil Law Reflects God's Law

By Reverend Francis J. Connell

IN THE FINAL ANALYSIS, the citizens of a nation, the men and women who form the rank and file of the population, determine the stability and happiness of the nation.

Even though the rulers of our country would fail to measure up to the standard of integrity expected of them our nation would not suffer permanent harm as long as the people are honest and God-fearing. But if the people as a group neglect the virtues of good citizenship, the nation is doomed to decay and death.

A CITIZEN best proves his loyalty by his obedience to the laws of the land. Since those who govern derive their authority from God the just laws which they pass down are the application of God's law, the expression of God's will for the citizens.

No credit is due to a person who obeys a law merely because he fears that if he disobeys it, he will be arrested and penalized. His attitude is entirely selfish. He has no realization of the dignity of civil law and its foundation in the law of God.

AT TIMES, obedience to the law may cost a citizen considerable effort and self-sacrifice. At

times he may not agree with the policies of the law-makers. But unless a law is evidently against a higher law of God, the citizen must obey. St. Paul even said, "He who resists the authority, resists the ordinances of God."

These laws we must obey refer not only to those moral commands which would bind us even if there were no civil legislation: such as laws forbidding theft and murder. We must also obey the laws our national and state legislatures impose on us as their own ordinances: such as the laws of taxes, of military service, of prices asked for various commodities.

THE LOYAL citizen cooperates willingly in civil projects for the benefit of the community. He is careful and conscientious in the use of public property such as the government buildings, the streets, the parks, and the books from the city library.

Every honest and loyal citizen is conscious that he should contribute to the religious and moral welfare of the United States. When he leads an honest, upright life, fulfilling his obligations toward God and his neighbors, he provides inspiration to his fellow citizens toward the practice of virtue.

IN THIS WAY, the religious citizen helps to promote the spiritual progress of the nation. This progress is far more important than its material progress.

length-wise swim.

This morning (Monday), I watched Jay Murphy's streamlined Breathless, pass by our house on another trial run on the lake waters. Surely a more beautiful racer could not be imagined. It made its maiden trip on Wednesday, September 1, and at that time, driven by Jay, the water speedometer showed top speed on the straight-away at between 135 and 145 miles per hour. "This," according to Fred Main, "is the fastest any boat has ever gone on Lake Tahoe." During this morning's run, with rough water and wind to back, the Breathless still made 135, which, while unofficial, does show what the speedy little craft will do. "There are two ways of clocking a boat's speed," says J. Philip Murphy, Jay's father, who is mighty proud of the craft's performance. "One is by the water speedometer, which is not truly accurate, as rough water, wind, and other conditions may influence the instrument. The official ratings are given over a measured APBA certified course with stop watches, which are accurate in every respect. We were clocked officially on the straight-away at Seattle at 145 miles per hour, with our qualifying average speed set at 82.7 miles per hour. We are highly satisfied with the Breathless to date and hope to give a good account of ourselves at the Gold Cup Mile High races on September 11 and 12."

I queried Fred Main a few moments ago regarding the certification of the racing course off Pope's Beach, near Richardson's, where the big two-day event will be held and he told me that for the past three days qualified surveyors have been examining minutely the course which will be used, and in a day or two they will meet with racing officials and the barges will be set in the water to their direct specifications. There will not be time, according to Main, for the course to be approved by the American Power Association, before the races, but their official surveyor will meet with the surveyors now employed by the racing committee immediately after the races are finished, and if specifications of the course meet with the APBA's approval (and there is every reason to believe they will) their recorded times of the Gold Cup race contestants over the course will be registered with APBA as official world records for mile high and above. A certificate will be given the local racing committee by APBA which will assure racers of world-record rating, if any such records are made. Main also declares that the races will be run

## WOMAN FATALLY INJURED IN CAR ON WRONG SIDE

RENO—Mae Mollhagen, 49, who was fatally injured in a collision on Highway 28 near Crystal Bay Wednesday, was in the wrong traffic lane immediately prior to the accident, a coroner's jury said.

The jury impaneled by Coroner Laurence E. Layman returned a verdict that the Incline Beach woman died of multiple skull fractures, a broken neck and other multiple fractures. The verdict included a footnote stating she was in the wrong traffic lane.

Among the witnesses testifying at the inquest yesterday was the driver of the other automobile, Patrick Twomey of San Francisco, who appeared in court heavily bandaged.

Twomey testified that Miss Mollhagen came around a curve and was across the center line of the road when he first saw her station wagon approaching. She swerved to her right to avoid a car ahead of Twomey's, bounced along the shoulder of the road for 50 feet and then whirled back into the road, striking the Twomey car. She was thrown out the door on the passenger side of the front seat and died almost instantly.

R. R. Walker left Tahoe Pines early this week for his San Francisco home.

Mr. and Mrs. C. O. Schrader have moved from Los Angeles to return to Tahoe Vista.

despite the weather, as Pope's Beach vicinity does not suffer from wind or rough water as much as the rest of Lake Tahoe. So by this time next week I will be giving you the final results of the big event. May the best man win. Ring off the week with best wishes for good health, good luck and good cheer to one all. As ever, Swannee.

### Swiss Hiker Makes Trip From Coast to Coast By Walking Every Inch

It's just 3084 miles from New York to Truckee by the walking route.

Assurance of this fact was given Tuesday by John F. Frey, 59, who visited here briefly on his jaunt from the eastern metropolis to San Francisco.

Carrying a placard attached to his 30-pound pack, reading, "Please, no lift; walking to Frisco," the 127-pound hiker says he averages 22 miles a day, through all kinds of country and in a variety of weather, but never has he accepted proffered rides.

A native of Switzerland, Frey from 1920 to 1924 worked for the Pacific Gas & Electric Company in California, but generally makes his home in Nebraska where he has a daughter and other relatives. Following his trip, Frey plans to return to Switzerland where he will start a speaking tour which has already been programmed for one year.

The author of two books, the hiker is planning a third, using material gathered on his current trip. Frey left New York April 1 and proposes to cross the Golden Gate bridge into San Francisco the 16th or 17th of this month. He bears greetings from Gov. Robert Croley of Nebraska and Acting Gov. Lamont Toronto of Utah addressed

### Mishap On Spooner Is Fatal To L. A. Woman

RENO—Injuries suffered in an automobile accident near Spooner's Summit August 21 took the life of Mrs. Maria E. Steven, 63, of Los Angeles Monday.

Two other persons, injured in the same head-on collision, are hospitalized here. They are Mrs. Steven's husband, Ralph J. Steven, and Marine Sgt. Joseph Ryan. Ryan is being held on an open charge as result of the crash.

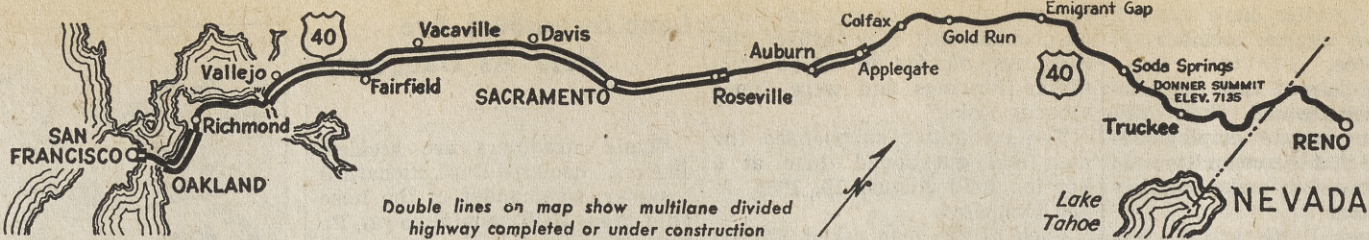

Mrs. Steven was a native of France. Besides her husband, she is survived by a son, John R. Steven, a sister, Mrs. Martha B. Austin and an aunt, Mrs. Marie Ryan, all of Los Angeles.

**TRAPPERS BUSHY**  
SACRAMENTO—Department of Fish and Game trappers bagged 477 predatory animals during July, including 155 coyotes and 60 bobcats. Ten mountain lions were bountied by the state during this period.

to Gov. Goodwin J. Knight of California and will stop at Sacramento to deliver the messages.

Across the Utah and Nevada desert, Frey said he traveled by night, but otherwise used daylight hours since he admires the scenery en route.

SIERRA SUN ADS PAY!

Double lines on map show multilane divided highway completed or under construction

More nation-wide attention has been focused on US Highway 40 in the past two or three years than any other major route, the California Highway and Public Works Magazine declares in one of a series of articles dealing with public roads in its August issue.

Illustrated with the accompanying diagram, the article declares that the California portion of US 40, 213 miles long from San Francisco to the Nevada state line, includes some of the most modern mileage of the entire transcon-

tinental route, with approximately 65 miles multilane and divided and another 27½ miles under construction or budgeted as multilane expressway or full freeway.

In addition, the article goes on, surveys and plans are in various stages of completion for further development on this highway to adequate standards all the way from San Francisco to a few miles west of Gold Run, above the 3000-foot elevation on the west slope of the Sierra Nevada.

Studies, it says, are in progress

for the ultimate development of the route as a multilane highway from Gold Run all the way to the Nevada state line.

The section of US 40 between San Francisco and the Carquinez bridge is now the scene of much heavy and expensive freeway construction.

Several multimillion-dollar projects are now underway, exemplifying the determined effort of the state to bring this important artery up to the standard adequate

for the large volume of passenger and commercial traffic which it carries.

To the motorist, the most gratifying evident progress on US 40 since World War II is the unbroken stretch of four-lane highway which runs from the Carquinez bridge to Sacramento, a distance of 60 miles. Four-laning of this section actually began as far back as 1933, but most of the expressway and freeway portions date from 1945 and later.

### Blodwyn Tiffie Wed To Kenneth Bruce At Tahoe Chapel Rites

TAHOE CITY—One of the loveliest Tahoe weddings of the season was solemnized on Saturday, September 4, at the Outdoor Chapel of the Transfiguration near Tahoe Tavern. Bishop Noel Porter united at a 2 o'clock double ring service, Miss Blodwyn Elois Tiffie, daughter of Mr. and Mrs. George B. Tiffie of Tahoe City, and Kenneth Richard Bruce, son of Mr. and Mrs. John C. Bruce of San Jose. George Tiffie gave his daughter away in marriage before the rustic altar.

The bride wore a white waltz-length gown of white satin, with an overskirt of alternating ruffles of nylon tulle and lace, complemented with a packet of white nylon lace. The dainty pointed cap which held the fingertip veil, was of nylon lace and pearls, designed and made by the bride herself. The white Bible she carried had streamers of stephanosis and butterfly orchids.

Maid-of-honor was a childhood friend, Miss Dorene Quam of Truckee, now attending school in San Jose. She wore a powder blue tulle gown, draped in nylon net, ballerina length, and carried an old-fashioned bouquet of pink carnations. Other bridal attendants included Patti Grant of Sacramento, in green tulle ballerina gown with yellow corsage and Marcia Dudley of Berkeley, who chose coral tulle for her ballerina, with net overdraped, and carried a yellow corsage.

Richard McCormick of San Jose served as best man, and Robert Bruce, San Jose, was usher.

Mrs. George Tiffie, mother of the bride, wore an aqua lace gown with white butterfly orchid corsage, while the groom's mother, Mrs. John Bruce, was attired in navy blue with a similar corsage.

The bride is a graduate of Tahoe-Truckee Unified High School and Sacramento Junior College, and is a senior at San Jose State. She plans to continue her education after marriage. The groom is a graduate of San Jose High School, and is also a senior at San Jose State College. He is affiliated with Delta Sigma fraternity and is employed by the Southern Pacific railroad at San Jose. He served with the marines during World War II.

Immediately following the service beneath the towering pines of the Outdoor Chapel, a reception was held at Tahoe City Community Hall where approximately 125 guests watched the newlyweds cut their seven-tier cake and waltz alone to the strains of "Our Waltz."

The bride chose a skyblue suit, with yellow accessories, to her going-away attire on a honeymoon trip which will take them through the western and southern states before returning to make their home in San Jose.

Out-of-town guests included Mr. and Mrs. John Bruce, their son, Robert, and daughter, Janet, Mr. and Mrs. Richard McCormick, all of San Jose; Mr. and Mrs. James Cook and Mrs. Annie Cook of Rio Vista; Miss Bobbie Alexandra of

**To Attend School Here—**  
Mr. and Mrs. K. T. Williams expect to go to Tucson, Ariz., this week following the enrollment of their son, Michael, in the local school. The student has been employed at Lake Tahoe during the summer and enjoyed the people in the area, deciding to remain here.

**Guests Go South—**  
Mr. and Mrs. George Slater left on Tuesday for their new home at Cupertino after visiting with Mr. and Mrs. I. Firpo.

**Buying Trip—**  
Mrs. I. Firpo left on Tuesday for San Francisco where she is selecting merchandise for Cabona's store.

**Brothers Visit—**  
Leo Cardinal of Carson City, Nev., was a visitor this week at the home of his brother and sister-in-law, Mr. and Mrs. Heslin Cardinal.

**Visits Here—**  
Mrs. Lora Meiss of Sacramento, houseguest of Mr. and Mrs. George Zorich at Soda Springs, visited local friends on Wednesday.

**Family at Fair—**  
Mr. and Mrs. William Stevenson attended the California State Fair at Sacramento last week and returned home with their daughter, Miss Yuton Stevenson of Los Angeles who is vacationing here.

**Guests From Sonoma—**  
Mr. and Mrs. Frank Giovannoni had Mr. and Mrs. Roy Harris of Sonoma as guests during the recent holidays.

Roseville: Stephen Cook, Miss Patty Grant and Mrs. Arthur Bippus and daughter, Elizabeth, all of Sacramento.

### Supervisors Will Hear Arguments On Zone Ordinance Tomorrow

NEVADA CITY—The board of supervisors, which has been confronted for several years with demands for a county zoning law, will hold a public hearing September 10 on such a proposal covering all the county outside incorporated areas.

The date was set only two hours before a large delegation of residents of the Gold Flat area, a subdivision south of the city, filled the county chamber and demanded action to prevent the construction of a proposed sawmill near the Gold Flat School.

Supervisor Curtis Clark told the delegation the proposal would not be retroactive nor affect the current problem but urged they consult a lawyer and attempt to obtain an injunction if they believe the proposed mill will endanger the health or safety of the students or residents of the section.

The Gold Flat delegation presented a petition signed by 78 residents protesting the installation of the mill. The area has two other sawmills which have been in operation several years.

The Sierra Nevada is the highest mountain range in continental United States.

Millerton, now submerged behind Friant Dam, was the Fresno County seat from 1856 to 1874.

Lake Merritt, a mile-long salt water lake in the heart of Oakland, is a wild duck refuge.

### Official Visits—

Capt. R. B. Langner of Roseville visited the Truckee squad of the California Highway Patrol Monday. Langner recently was appointed commander of the squad replacing Capt. George Peterkin, now retired.

**Birthdate on Friday—**  
Merrill, son of Mr. and Mrs. William Englehart, Jr., was the incentive for a celebration last Friday on his birthdate.

week.

**Gregorys From Paradise—**  
Mr. and Mrs. Rufus Gregory and son of Paradise were guests of Mr. and Mrs. Roy Waters while looking after local property.

**Vacation at Willows—**  
Charles Glenn has been vacationing at Willows.

**Visits Father—**  
Mrs. Al Ring and daughter, Yvonne, will return to their home at Auburn this weekend following a few days visit with her father, Richard Joseph.

**To Sacramento—**  
Mr. and Mrs. John Neronde who have been at Tahoe City expect to leave for Sacramento this week.

**Returns—**  
Mrs. Hazel Box has returned here from North San Juan.

**Attend Fair—**  
Mr. and Mrs. Heslin Cardinal and family attended the state fair in Sacramento Sunday.

**Windsats in Capital—**  
Mr. and Mrs. Chris Windsat have left Soda Springs and are now living in Sacramento.

**City Visitors—**  
Mr. and Mrs. Howard Newsham were San Francisco visitors last week.

**Marriage License—**  
Raymond Wacker and Margie Frank, both of Truckee, obtained a marriage license at Reno last week.

## Twenty Years ADDED TO 20+ Your Life!

When we were children, Man's average life span was 46 years. Death from diphtheria, pneumonia, influenza, meningitis and smallpox frequently struck down family and friend. Scarlet fever and mastoid infections took their awful toll among children.

Today, Man looks forward to an average life span of 70 years, and women to 72 years. Despite rising birth rates, children's wards in hospitals are seldom filled. Hospitalization for everyone is brief, and convalescence rapid. Most diseases are treated effectively in the home with the "wonder drugs" which Pharmacy's research scientists have developed in recent years.

Now for a few dollars, your doctor's prescription brings to you more powerful and effective drugs, greater than were dreamed of a few decades ago. Truly your prescription is the "biggest bargain" in your home today.

**WILD ONIONS**  
LED TO A CALIFORNIA GOLD STRIKE IN 1842!  
DON FRANCISCO LOPEZ, AFTER CHECKING THE CONDITION OF HIS CATTLE WITH HIS COWBOYS, REMEMBERED THAT HIS WIFE HAD REQUESTED SOME ONIONS FROM THE HILLS FOR A SALAD... THE NUGGETS WERE ATTACHED TO THE ROOTS!  
- Near Newhall -

SCENTED GARDEN FOR THE BLIND...  
SOME 60 VARIETIES OF ANNUAL AND PERENNIAL HERBS ARE PLANTED SO THE FRAGRANCE AND TEXTURE OF THE FOLIAGE MIGHT HAVE INSTANT APPEAL TO THE TOUCH OF A BLIND PERSON...  
ALL ARE LABELLED IN BRAILLE...  
- Cincinnati, Ohio -

THE RUBBER ROCK-- of Brazil,  
A NATURAL FLEXIBLE STONE THAT BENDS UNDER ITS OWN WEIGHT!

**PLATINUM POTS AND PANS** WERE ONCE USED BY RUSSIAN PEASANTS FOR COOKING MEALS  
THEY CONSIDERED THE METAL VALUELESS...  
HARVEST OFFERINGS ARE TAKEN TO THE TEMPLE BY BALINESE WOMEN-- STACKED HIGH ON THEIR HEADS!

**RALPH PERKINS--**  
Philadelphia, A.L.,  
CAUGHT A 13-INNING GAME WITHOUT A SINGLE FIELDING CHANCE...  
- May 17, 1922 -

THE FARTHEST POINT FROM LAND IS IN THE SOUTH PACIFIC AT 49° SOUTH AND 125° WEST--  
THE NEAREST COAST IS 1,500 MILES AWAY!

# CURLY KAYOE by SAM LEFF

CALM DOWN, PEPITO-- YOU'RE ASKING FOR TROUBLE!

CARAMBA! YOU ARE AFRAID TO FIGHT LIKE A MAN!

PLEASE-- STOP HEEM BEFORE EET IS TOO LATE!

DO NOT FIGHT PEPITO, DARLEENG! HE EES STRONG LIKE A WILD BOOL! HE WEEEL KEEL YOU!

I CAN TAKE CARE OF MYSELF, LOLITA!

I WEEEL TAKE CARE OF YOU, AMIGO!

THIS WEEEL TEACH YOU NOT TO STEAL MY GORL!

SORRY, I'VE GOT TO DO THIS, PAL!

OOF!

BUT YOU FORCED ME TO DO IT, PEPITO!

YOU BRUTE! LOOK WHAT YOU DEED TO MY POOR PEPITO!!

ARE YOU ALL RIGHT, MY DARLEENG?

SI, LOLITA-- I AM HOKAY, NOW!

YOU WON THE FIGHT, SENOR! BUT PEPITO WON HER HEART!
